Will Forster - My top 3 priorities for Woking and our villages

1

Stopping Brexit

Will Forster wants to stop Brexit. If there is a Lib Dem Government, they will revoke Article 50 on day one. If they are the opposition, Lib Dem MPs will continue to push for a People's Vote to stop Brexit.

2

Funding for public services

Will Forster wants to invest in public services like the NHS and schools. The Lib Dems will spend an extra £35 billion on our NHS by putting 1p on Income Tax and giving schools an extra £10 billion.

3

Protecting our environment

Will Forster wants to fight climate change and to protect the environment. The Lib Dems will invest in renewable electricity and insulation to save the average home £550 a year on energy bills.

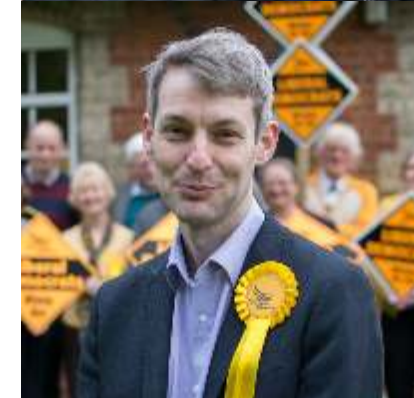

Introducing...

Will Forster

Will Forster has the experience to be Woking Constituency's next MP.

He has spent much of his life fighting to help people in Woking. As Mayor, Will and his partner Hannah, supported community groups and charities. As a Councillor, he has a record of action of standing up for his community in south Woking.

As Woking's MP, he would always represent local people in Parliament. Unlike the current Conservative MP who has pursued his own Brexiteer agenda and failed to properly represent Woking - which voted Remain in the Referendum.

Woking and the surrounding villages needs a strong and local voice like Will fighting its corner and focusing on its priorities.
